

Moran Nursing & Rehabilitation Center

COVID WEEKLY UPDATE

02/11/2022

Total Number of Newly Confirmed COVID Cases This Week:

Staff: 1

Residents: 1

Date of Last Newly Confirmed COVID-19 Case:

2/10/2022

Date of Expected Outbreak Clearance:

Tentatively 3/1/2022

Visitation Status:

There is new guidance that was posted by Gov. Larry Hogan on 1/13/22 and becomes effective 1/21/2022. While we will continue to screen all visitors, they will now be required to provide proof of a negative Covid test obtained within 72 hours of entry into the facility or to agree to be tested on site using a point of care/rapid test. If a visitor refuses to provide proof of a negative test or to take a test, the visitor shall wear a face covering and physically distance in accordance with CMS and CDC guidance. We continue to have visitation for our residents during this time. We encourage anyone who has symptoms, not feeling well, or have had a known exposure to or tested positive for COVID-19 to remain at home and call into facility to check on family member.

Facility Safety Precautions:

We continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Thank you for your support throughout this pandemic, and as always, if you have any questions or concerns please contact us directly at 301-359-3000

Sincerely,

Mary Schriver, LNHA
