

Moran Nursing & Rehabilitation Center

5/21/2020

To Our Valued Residents, Families and Representatives:

It is hard to believe that it has been over two months since COVID-19 changed our lives so drastically. We have all had to make big adjustments in an effort to keep everyone in our community safe, and we appreciate your support as we continue to take all necessary steps to prevent further spread of COVID-19 in our facility.

We are happy to report that we have not had any additional cases of COVID-19 in our facility since our update last week, in which we reported our first positive case of COVID-19. We have tested 15 residents for COVID 19 and all have been negative. The National Guard is visiting our facility on 5/22/2020 and providing us with test kits. We will be testing all residents and staff on 5/26/20 and 5/27/20. We will be notifying families, residents and staff of results as we receive them.

We are committed to keeping the number of positive cases low and we will continue to implement and practice enhanced safety precautions recommended by our federal, state and local health officials, such as, only allowing essential personnel inside the facility, performing regular screenings for signs and symptoms of illness prior to entering the building, continually monitoring residents, performing regular deep cleanings, using PPE as recommended by the CDC, providing individual activities as opposed to group activities, implementing isolation protocols as required, and reminding and encouraging staff to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community.

As a reminder, we will continue to post updates on our facility website and we will individually notify representatives/families regarding a resident's condition if he/she tests positive for COVID-19 or is displaying symptoms of COVID-19.

Again, please check our website for more updates and information. If you have any questions or concerns please contact us directly at 301-359-3000.

Sincerely,

Mary Schriver, LNHA
