

Moran Nursing & Rehabilitation Center

WEEKLY UPDATE

6/25/2020

Dear Resident and Families/Representatives,

We are happy to again report that we have No COVID-19 cases in the facility. we continue to work hard and follow the recommendations of our Federal, state and local health officials to prevent the further spread of COVID-19 in the facility and community.

Our “No contact window visits” started last week and have been well received. If you would like to schedule a visit please call 301-359-3000 and our receptionist will explain the guidelines, conduct a screening and place you on the schedule. Visits are limited per day to allow time for cleaning/disinfecting between visits. It has been very rewarding for us to see the residents face light up when they see their families after such a long period of time.

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 301-359-3000.

Sincerely,

Mary Schriver, RN, BSN, LNHA
