

Moran Nursing & Rehabilitation Center

WEEKLY UPDATE

7/30/2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We continue to test staff weekly in accordance with Governor Hogan's weekly testing mandate. We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We have received results of our third weekly test and we are 100% negative.

On 7/27/20 we were visited by a surveyor to do the CMS COVID Infection Control Survey. We are happy to report that we were Deficient free and are compliant with our Infection Control practices.

As you might already know, the federal government announced that it is going to send point of care testing supplies for COVID-19 to all skilled nursing facilities in the country. We hope this means better access to testing and faster results for our staff and residents, but we will keep you posted as we get more information and will continue to practice the enhanced safety and infection control precautions that are known to prevent the spread of this virus.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 301-359-3000

Sincerely,

Mary Schriver, RN, BSN, LNHA
